

THINGS WORTH REMEMBERING.

—Kisses.—The whites of 4 eggs, 1 lb of sugar, lemon or rose-water to flavor. Beat the eggs a long time; drop them on paper.

—Graham Bread.—Add to Graham flour warm water, yeast, salt, a large spoonful or two of molasses; make the dough stiff and knead it, and bake two hours.

—Lemon Pie.—2 lemons, grate the rind, squeeze the juice, 2 eggs, 2 cups sugar, 1 cup water, 1 tablespoonful flour, a little butter. Bake with an under crust.

—A Japanese author asserts that hens fed on dry hemp-seed will lay all winter, and that if pounded charcoal is given with their food the flesh will become "beautifully white and rich."

—2 ounces of common carbolic acid dissolved in 3 quarts of water, applied once a week through the aid of a water-pot, after the house has been carefully swept out, will rid fowls of all pests in the way of vermin.

—To extract ink from cotton, silk, and woolen goods, saturate the spots with spirits of turpentine, and let it remain several hours; then rub it between the hands. It will crumble away, without injuring either the color or texture of the article.

—Vinegar.—Take 2 gallons water and 21 lbs brown sugar and 2 gills fresh yeast. Keep warm three or four days, then draw it off and add 2 ounces each cream-tartar and chopped raisins; it will be ready for use in a few weeks, if kept very warm at first.

—Corn-Meal Pudding.—2 pints meal, 1 pint grated bread, 1 of molasses, 1 of brown sugar, 1 of sour milk, 2 tablespoonfuls butter, 1 of sugar, 1 of ginger, 2 of cinnamon, 3 eggs, 1 of soda; slice soft, juicy apples, and add 1 teaspoonful, if liked; bake half an hour. Sauce, cream and sugar.

—A very pleasant perfume, and also a preventive against moths, may be made of the following ingredients: Take of cloves, caraway seeds, nutmeg, cinnamon, and tonquin beans each 1 ounce, then add as much Florentine orris-root as will equal the other ingredients put together. Grind the whole to a fine powder, put it in silk, cotton-filled bags, and place among clothes, etc.

—A simple method of testing wines is to drop into the suspected liquid a piece of potash. If no deposit forms and the wine turns of a greenish hue it is not artificially colored. If there is a violet deposit, elder or mulberries have been used; if there is a red deposit, sugar-beet; if a violet red deposit, camellia wood; if a violet blue, privet berries; if a clear blue deposit, the coloring matter from sunflowers has been used.

—It is said that the simplest method of sharpening a razor is to put it for half an hour in water to which one-twentieth of its weight of muriatic or sulphuric acid has been added, then lightly wipe it off, and after a few hours set it on a hone. The acid here supplies the place of a whetstone, by corroding the whole surface uniformly, so that nothing further than a smooth polish is necessary. The process never injures good blades, while badly hardened ones are frequently improved by it, although the cause of this improvement remains unexplained.

—A lady correspondent of the Chicago Inter-Ocean gives the following method of preserving lemon juice: To a pint of lemon juice, free from all the seeds, add 11 pounds of white sugar; boil ten minutes; strain through a white flannel bag, or a fine wire strainer; bottle and cork tight. The pulp of the lemons, cleaned of the peel, can be boiled with the juice and sugar, or separately, in 1/2 pint of water, and the water added to the juice, etc., before straining. This will keep a long time in a cool, dry place; 2 large spoonfuls in a glass of water make a fine beverage, and it is nice to flavor puddings, pies and sauces.

—DON'T TAMPER WITH A COUGH.—Perhaps in the whole category of diseases to which humanity is susceptible, the cough is most neglected in its early stage. A simple cough is generally regarded as a temporary affliction—unpleasant and nothing more; but to those who have paid dearly for experience, it is the signal for attack for the most fearful of all diseases—Consumption. A cough will lead to consumption—if not checked—so sure as the rivulet leads to the river, yet it is an easy enemy to thwart, if met by the proper remedy. Allen's Lung Balm is the great cough remedy of the age, and has earned its reputation by merit alone. Sold by all good druggists.

—THE NEW PANACEA.—Modern science having demonstrated that alcohol is "neither food nor physic," but, on the contrary, a species of poison, the introduction of a potent tonic which is entirely free from it is certainly a subject for congratulation. DR. WALKER'S VINEGAR BITTERS is a medicine which may be fairly characterized as an unobjectionable specific for many distressing and dangerous diseases.

Temperance organizations, heretofore in favor of permitting the sale of alcohol for medicinal purposes, are of opinion that VINEGAR BITTERS possesses all the efficacy as an invigorant that has ever been even claimed for spirituous stimulants, and on this account, as well as because of the singular success which has attended its use in dyspepsia, liver complaint, disorders of the bowels, nervous diseases, general debility, and all maladies growing out of intemperance, they warmly recommend it as a restorative and alternative of surpassing excellence.

—A Sacramento two-year old urchin found his father's lead-pencil astray on the floor, and used it until he broke the point. Shortly afterward he addressed his parent: "Pa, lend me your knife to skin this pencil."

—THE GREAT FAMILY MEDICINE.—Dr. Wilhoit's Anti-Periodic or Fever and Ague Tonic. No case of incurable Chills has yet presented itself, where this scientific and safe medicine has been employed. No case has been found so obstinate as to resist its prompt and masterly action. No man has been so reduced by malarial influences, but with its use, has come up perfectly reconstituted. No pills or purgative required with this medicine. WHEATLOCK, FINLAY & CO., Proprietors, New Orleans.

FOR SALE BY ALL DRUGGISTS.

CORN and flour are staple articles; but not more so than Johnson's Anodyne Liniment, where known. It is good for children or adults, for any internal soreness of the chest or bowels, and the best Liniment prepared, under whatever name.

—The all-gone feeling which people sometimes speak of, is caused by want of proper action of the liver and heart. These may be assisted, and the bowels regulated by Parson's Purgative Pills in small doses.

Liver and Blood Diseases.

BY R. V. PIERCE, M. D.

A healthy liver secretes each day about two and a half pounds of bile, which contains a great amount of waste material taken from the blood. When the liver becomes torpid or congested, it fails to eliminate this vast amount of noxious substance, which, therefore, remains to poison the blood, and be conveyed to every part of the system. What must be the condition of the blood when it is receiving and retaining each day two and a half pounds of poison? Nature tries to work off this poison through other channels and organs—the kidneys, lungs, skin, etc., but these organs become overtaxed in performing this labor in addition to their natural functions, and cannot long withstand the pressure, but become variously diseased.

The brain, which is the great electrical center of all vitality, is unduly stimulated by the unhealthy blood, which passes to it from the heart and it fails to perform its office healthfully. Hence the symptoms of bile poisoning, which are dullness, headache, incapacity to keep the mind on any subject, impairment of memory, dizziness, sleep, or nervous feelings, gloomy forebodings, and irritability of temper. The blood itself being diseased, as it forms the sweat upon the surface of the skin, it is so irritating and poisonous that it produces discolored brown spots, pimples, blotches, and other eruptions, sores, boils, carbuncles and scrofulous tumors. The stomach, bowels and other organs cannot escape becoming affected, sooner or later, and we have as the result, costiveness, piles, dropsy, dyspepsia, diarrhoea. Other symptoms are common, as bitter or bad taste in mouth, internal heat, palpitation, teasing cough, unsteady appetite, choking sensation in throat, bloating of stomach, pain in sides, or about shoulders or back, coldness of extremities, etc., etc. Only a few of the above symptoms are likely to be present in any case at one time. The liver being the great depurating or blood cleansing organ of the system—set this great "housekeeper of our health" at work, and the foul corruptions, which gender in the blood, and rot out, as it were, the machinery of life, are gradually expelled from the system. For this purpose my Golden Medical Discovery with very small doses daily of my Pleasant Purgative Pellets are pre-eminently the articles needed. They cure every kind of humor from the worst scrofula to the common pimple, blotch or eruption. Great eating ulcers kindly heal under their mighty curative influence. Violent blood poisons that lurk in the system are by them robbed of their terrors, and by their persevering and somewhat protracted use the most tainted systems may be completely renovated and built up anew. Enlarged glands, tumors, and swellings dwindle away and disappear under the influence of these great resolvents.

SOME of the best Surgeons of Europe pronounce the apparatus for deformities made by the National Surgical Institute, Indianapolis, Indiana, the best known. This celebrated Institution cures thousands of cases annually—such as diseased Joints, all manner of human deformities, Paralysis, Piles, Fistula, Catarrh, and Chronic Diseases. If you need such treatment send for Circular, giving full particulars and information of their mode of treatment, facilities, &c.

GODEY.—The illustrations in the June number are fully up to the standard of this magazine, and the literary contents are also of the usual excellence. A new story, by Marion Harland—"Mrs. Hillier's Queer Whim"—is begun in this number, and will be finished in the next. The June number completes the eighty-eighth volume and forty-fourth year of this deservedly successful publication. Many extra good things are promised for the July number. An excellent story, by Caroline Orme, entitled "Country Homes in New England a Century Since," will be commenced, to run through five or six numbers. In addition to the other attractions will be given another of those handsome chromo illustrations. Published by L. A. GODEY, Philadelphia, Pa., at \$3.00 per year; four copies \$10.00, and a beautiful chromo to each subscriber.

Thirty Years' Experience of an Old Nurse.

MRS. WINKLOW'S SOOTHING SYRUP is the prescription of one of the best Female Physicians and Nurses in the United States, and has been used for thirty years with never-failing safety and success by millions of mothers and children, from the feeble infant of one week old to the adult. It corrects acidity of the stomach, relieves wind colic, regulates the bowels, and gives rest, health, and comfort to mother and child. We believe it to be the best and surest Remedy in the World in all cases of DYSPEPSIA and DIARRHOEA IN CHILDREN, whether it arises from Teething or from any other cause. Full directions for using will accompany each bottle. None Genuine unless the fac-simile of CURTIS & PERKINS is on the outside wrapper.

SOLD BY ALL MEDICINE DEALERS.

Children Often Look Pale and Sick

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of VINEGAR BITTERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of VINEGAR BITTERS in healing the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs, in Bilious Diseases.

The properties of DR. WALKER'S VINEGAR BITTERS are Aperient, Diaphoretic, Carminative, Nutritious, Laxative, Diuretic, Sedative, Counter-Irritant, Sudorific, Alterative, and Anti-Bilious.

Grateful Thousands proclaim VINEGAR BITTERS the most wonderful Invigorant that ever sustained the sinking system.

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not decayed by mineral poison or other means, and vital organs wasted beyond repair.

Bilious, Remittent and Inter-mittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to DR. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Fortify the body against disease by purifying all its fluids with VINEGAR BITTERS. No epidemic can take hold of a system thus fore-armed.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.

Scrofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Glands, Scrofulous Inflammations, Indolent Inflammations, Mercurial Affections, Gun Sore, Eruptions of the Skin, Sore Eyes, etc. In these, as in all other constitutional diseases, WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.

For Inflammatory and Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiating Blood.

Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S VINEGAR BITTERS occasionally.

For Skin Diseases, Eruptions, Tetter, Salt-Rheum, Blotches, Spots, Pimples, Pastures, Boils, Carbuncles, Ring-worms, Scald-head, Sore Eyes, Erysipelas, Itch, Scours, Discolorations of the Skin, Humors and Diseases of the Skin of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermifuges, no anthelmintics will free the system from worms like these Bitters.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display a decided influence that improvement is soon perceptible.

Cleanse the Vitiating Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.

Prepared and Gen. Agents, San Francisco, California, and Gen. of Washington and Charleston, S. C. Sold by all Druggists and D. W. Pierce.

BUY J. & P. COATS' BLACK THREAD for your MACHINE.

THE FAVORITE HOME REMEDIES.

PERRY DAVIS' PAIN-KILLER

AND ALLEN'S LUNG BALSAM!

Why They Should Be Kept Always Near at Hand.

- 1.—Pain-Killer is the most certain cholera cure that medical science has ever produced.
- 2.—Allen's Lung Balsam, as a cough remedy, has no equal.
- 3.—Pain-Killer will cure cramps or pains in any part of the system. A single dose usually effects a cure.
- 4.—Allen's Lung Balsam contains no opium in any form.
- 5.—Pain-Killer will cure dyspepsia and indigestion if used according to directions.
- 6.—Allen's Lung Balsam as an expectorant has no equal.
- 7.—Pain-Killer has proved a sovereign remedy for fever and ague, and chill fever, it has cured the most obstinate cases.
- 8.—Allen's Lung Balsam is an excellent remedy for curing bronchitis, asthma, and all throat diseases.
- 9.—Pain-Killer as a liniment is unequalled for frost-bites, chilblains, burns, bruises, cuts, sprains, etc.
- 10.—Allen's Lung Balsam will cure that terrible disease, consumption, when all other remedies fail.
- 11.—Pain-Killer has cured cases of rheumatism and neuralgia after years' standing.
- 12.—Allen's Lung Balsam is largely endorsed by physicians, druggists, public speakers, ministers, and the press, all of whom recommend its use in cases of cough, cold and consumption, and commend it in the highest terms.

The above reasons for the use of these valuable and standard medicines are founded on facts, and thousands will confirm what we have said. The demand for them is increasing daily, and large quantities are made in foreign countries.

TARRANT'S SELTZER

APERIENT

The Human Locomotive should be carefully engineered, otherwise it may run off the track of life at any moment. To keep its delicate internal machinery in perfect trim, or to put it in good working condition when out of order, is the peculiar province of Tarrant's Effervescent Seltzer Aperient.

The thoroughness with which it cleanses without irritating the bowels; the tone and vigor which it imparts to the stomach; its appetizing effect; its cooling, refreshing operation in fever, the relief it affords in headache; its antibilious properties, and its superior merits as a general tonic, justify the assertion that it is, beyond all comparison, the most valuable family medicine of the age. Sold by all druggists.
